## VALUATION RULES

Valuation rules Nyrstar NV (hereafter "the Company")

### General:

The valuation rules are drafted in accordance with the statements of the Royal Decree dd. 29 April 2019 implementing the Belgian Code of Companies and Associations, relating to valuation rules. As a consequence of the Restructuring (as defined below) and the outcomes of the 9 December 2019 Extraordinary Shareholders Meeting ("EGM"), where the shareholders' meeting rejected the continuation of the Company's activities, the 30 June 2022 half-year financial statements of the Company are prepared on a discontinuity basis. For further information on the outcomes of the Restructuring, please refer to "Related party disclosures".

Valuation rules applied to the Company's balance sheet prepared on a discontinuity basis include:

#### I. Financial fixed assets

Participations are accounted for at the lower of realisation values and historical purchase cost.

#### II. Current assets and liabilities

Current assets, which include input VAT on ongoing expenses for which the company either received or expects to receive refund from the relevant authorities, and current liabilities are recognised at their realisation values. At 30 June 2022 the realization values equal nominal values. Current assets and liabilities denominated in foreign currencies are valued at the closing rates on the end of the financial year. The negative (unrealized) exchange rate differences are accounted for in the income statement. Based on the principle of prudence, the positive, unrealized exchange rate differences at balance sheet date are accounted for as deferred income on the balance sheet.

#### III. Provisions for liabilities and charges

A provision is recognized to reflect liabilities and charges, resulting from a past event for which the nature is clearly defined, is considered probable or certain at balance sheet date, but for which the amount is uncertain. Provisions resulting from prior accounting years are regularly reviewed and are reversed if they are no longer required or the risks and charges are realized.

#### IV. Income statement

The income statement reflects all revenue realized and expenses incurred during the accounting period on an accrual basis, regardless the date on which these expenses and income are paid or collected.

Adjustments recorded with respect to the valuation and the classification of certain balance sheet items as a result of the Company applying the discontinuity basis for the preparation of the 30 June 2022 half-year financial statements:

a) The formation expenses were fully depreciated as required by Article 3:6 of the Royal Decree d.d. 29 April 2019 implementing the Belgian Code of Companies and Associations.

b) Explanation on determination of expected probable realization value in accordance with Article 3:6 of the Royal Decree d.d. 29 April 2019 implementing the Belgian Code of Companies and Associations.

At 30 June 2022, the Company had, in its current investments, a 2% equity stake in NN2 NewCo Limited ("NN2") as a consequence of the issuance by NN2 of a 2% equity stake in NN2 to the Company with the remaining 98% equity stake issued to Nyrstar Holdings Plc (a holding company within the Trafigura corporate group, formerly known as Nyrstar Holdings Limited). The Company also had a Put Option (as defined below) enabling it to sell all (but not a part only) of its 2% stake in NN2 to a Trafigura entity at a price equal to EUR 20 million in aggregate payable to the Company resulting in no impairment required at 30 June 2022. As announced by the Company on 28 July 2022, this Put Option was exercised by the Company on 28 July 2022 (see Related Party disclosures - 1.2 below) and on 30 July 2022, the Company duly received the EUR 20 million Put Option price following such exercise. Reference is made in this respect to the related party disclosures in respect of the mandatory prepayment obligations and limited recourse provisions under the Limited Recourse Loan Facility (to the extent that these apply following the receipt of the proceeds of the exercise of the Put Option (see [1.5.4. and 1.5.5.] below).

c) The decision of the 9 December 2019 EGM not to continue the Company's activities resulted in the requirement for the Company to recognize a provision for discontinuation representing the estimated costs that the Company expects to incur before the completion of the liquidation. At 30 June 2022 the Company recognised a provision for discontinuation of EUR 8.8 million (31 December 2021: EUR 9.0 million) representing the estimated costs that the Company expects to incur before the completion of a liquidation process that is assumed to be finalised before the end of Q2 2028 (31 December 2021: before the end of Q2 2028).

The following legal and regulatory actions have been considered when determining the amount of the provision as at 30 June 2022.

The EGM of 9 December 2019 and the order of the President of the Antwerp Enterprise Court of 26 June 2020

As described above, at 9 December 2019, the EGM was held to deliberate on the continuation of the Company's activities and a proposed capital decrease. The shareholders' meeting rejected the continuation of the Company's activities. The shareholders' meeting also rejected the proposed capital reduction, as a result of which it was not carried out. The Board of Directors of the Company had taken the necessary measures to prepare the necessary reports with its statutory auditor and had convened a new EGM to formally consider a proposal for liquidation. Such EGM was first scheduled to be held on 25 March 2020 but had to be postponed due to the Covid-19 outbreak and corresponding restrictions that had been introduced in Europe. The Company re-convened such EGM on 30 April 2020 for 2 June 2020 and, if the required attendance quorum would not be met, 30 June 2020.

Certain shareholders initiated summary proceedings before the court of Antwerp to request the court to order that the decision on the dissolution of the Company, following the 9 December 2019 EGM, be postponed (i) until three months after a final report will have been issued by a panel of experts whose appointment is requested in separate proceedings before the court, or, alternatively (ii) until three months after a final decision will have been rendered in the aforementioned proceedings regarding the appointment of a panel of experts. On 26 June 2020, the court of Antwerp dismissed the minority shareholders' claim for a postponement until three months after a final report will have been issued by a panel of experts whose appointment is requested. However, the court did accept their claim for a postponement of the decision on dissolution of the Company until three months after a final decision (i.e. a decision that will have obtained "res judicata effect") will have been rendered in the proceedings regarding the appointment of a panel of experts. Consequently, in compliance with the 26 June 2020 court order, the (second) EGM planned for 30 June 2020 having the resolutions regarding the proposal for dissolution of the Company on the agenda was postponed.

## VALUATION RULES

The delayed decision on the proposal for dissolution of the Company and the appointment of a liquidator may negatively impact the Company's liquidity position as the Company continues to incur running costs and costs in respect of the legal proceedings mentioned above and below. If the appointment of the liquidator is further delayed beyond what is currently expected or not approved by the shareholders' meeting or if the costs are higher than currently expected, the Company may need to secure additional funding. There is a risk that such additional funding may not be available to the Company or may not be available at acceptable conditions.

Summary proceedings relating to the appointment of a panel of experts

On 27 April 2020, a group of shareholders summoned the Company in summary proceedings before the President of the Antwerp Enterprise Court (Antwerp division). The claim of the plaintiffs aimed at having a panel of experts appointed in accordance with Article 7:160 of the Belgian Companies and Associations Code. This procedure was initiated on 5 May 2020. The court hearing took place on 15 September 2020.

On 30 October 2020, the President of the Antwerp Enterprise Court (Antwerp division) issued an order in which she upheld the shareholders' claim. The court order includes, but is not limited to, the following elements:

\*A panel of three experts is appointed to examine:

- i. whether the transactions between the former Nyrstar Group and the Trafigura Group on and after 9 November 2015 were concluded in accordance with the "at arm's length" principle and at normal commercial conditions and, if not, to assess the direct and indirect damage suffered by Nyrstar as a result of violations of this principle;
- ii. whether the conditions for the transfer of all rights under the agreements between Talvivaara Mining Company group and Nyrstar, from Nyrstar to Terrafame, Winttal Oy Ltd. and subsequently to Terrafame Mining, were market-conform and, if not, to assess the direct and indirect damage suffered by Nyrstar as a result of that transfer; and
- iii. what caused the liquidity crisis, as well as whether it was necessary to conclude the binding term sheet, the TFFA and the Lock-up agreement, as well as to advise whether the terms and conditions of the aforementioned agreements were market-conform and, if not, to assess the damage suffered by Nyrstar by entering into those agreements.

\*The Company was condemned to advance the costs of the panel of experts.

The Company reviewed the court order together with its legal advisors and decided to lodge an appeal with the Antwerp Court of Appeal. The Company has filed the application for appeal on 15 December 2020. On 3 March 2021, the original plaintiff shareholders summoned Trafigura PTE Ltd. and Trafigura Group PTE Ltd. to forcefully intervene in this appeal. In particular, they ask that the judgment the Court of Appeal would deliver be declared enforceable against and applicable to Trafigura PTE Ltd. and Trafigura Group PTE Ltd. Both the appeal by the Company and the forced intervention of Trafigura PTE Ltd. and Trafigura Group PTE Ltd. were heard at the hearing of 3 June 2021. On 2 September 2021 the court ordered the reopening of the debates to allow the parties to comment on (i) the third-party application order dated 2 July 2021 (infra), (ii) the memorandum and evidence deposited by the original plaintiff shareholders on 2 August 2021 in execution of the aforementioned third-party application order, (iii) the order of the President of the Antwerp Enterprise Court (Antwerp Division) of 29 June 2021 by which, in accordance with art. 973 Jud.C., a number of incidents in relation to the expert investigation are settled, (iv) the documents relating to the general meeting of the Company held on 29 June 2021, and (v) the request for voluntary intervention in the third-party application proceedings of 22 other shareholders of the Company. On 29 October 2021, those same 22 other shareholders of the Company submitted a request for voluntary intervention in these appeal proceedings. The new court hearing was set for 17 February 2022, but was later postponed to 6 October 2022.

On 4 February 2021, Trafigura PTE Ltd. and Trafigura Group PTE Ltd. filed a third-party application against the aforementioned decision of 30 October 2020. The Company and the original plaintiff shareholders were also involved in these proceedings. In this third-party application, Trafigura PTE Ltd. and Trafigura Group PTE Ltd. request that the President of the Antwerp Enterprise Court (Antwerp division) revoke its decision of 30 October 2020 with immediate effect and terminate the expert investigation, also vis-à-vis the Company and the original plaintiffs. The third-party application was introduced in court on 26 March 2021, and was a first time dealt with at the hearing of 15 June 2021. In response an interim judgment was issued on 2 July 2021. In this interim judgment, the President of the Antwerp Enterprise Court (Antwerp division) has ordered the original plaintiff shareholders to produce to the court a full overview of their respective transactions in the Company's shares. Further, the President has suspended the expert investigation until a verdict is returned after the hearing scheduled on 28 September 2021 in respect of the new evidence submitted. The suspension of the expert investigation aimed to give the plaintiff shareholders time to produce documentary proof of their shareholdings and transactions in the Company and provide the parties, including the Company, the opportunity to debate the legal consequences of the new evidence, after which the court will take a decision. As mentioned, a second hearing on this subject took place on 28 September 2021. On 19 August 2021, 22 other shareholders of Nyrstar have submitted a request to voluntarily intervene in these third-party application proceedings. On 9 November 2021, the President of the Antwerp Enterprise Court (Antwerp division) has rendered a second judgment in these third-party application proceedings. In this decision, the President has declared the third-party application proceedings of Trafigura PTE Ltd. and Trafigura Group PTE Ltd. well-founded and has revoked the previous judgment of 30 October 2020 vis-à-vis Trafigura PTE Ltd., Trafigura Group PTE Ltd., the Company and the original claimant shareholders, thus revoking the appointment of the experts and halting the expert investigation. The President has ordered that the costs of the expert investigation to date be borne by the party that has borne them to date in accordance with said previous judgment, i.e. the Company. On 23 December 2021 the original plaintiff shareholders and the newly intervening shareholders lodged appeal against the aforementioned judgments of 2 July and 9 November 2021. This appeal will be dealt with by the Antwerp court of appeal. It was introduced in court on 3 February 2022 and will be dealt with on 6 October 2022.

On 9 February 2021, Trafigura PTE Ltd. and Trafigura Group PTE Ltd. submitted a request for suspension of the 30 October 2020 decision to the Attachment Judge of the Antwerp Court of First Instance (Antwerp Division). The Company and the original plaintiff shareholders were again involved in this procedure. Trafigura PTE Ltd. and Trafigura Group PTE Ltd. specifically request that the execution of the aforementioned decision be immediately suspended until a final judgment is reached in the third-party application proceedings mentioned earlier. The suspension request was introduced in court on 1 April 2021, and was dealt with at the hearing of 24 June 2021. In a decision of 15 July 2021, the Attachment Judge has ruled that a re-opening of the debates is required in light of the aforementioned judgment of the President of the Antwerp Enterprise Court (Antwerp division) of 2 July 2021 (in the third-party application proceedings). As a result, the suspension request was dealt with at the hearing of 28 October 2021, where it was again adjourned until the hearing of 2 December 2021. During said 2 December 2021 hearing, the case was put on hold for an indefinite period of time, given the

## VALUATION RULES

above-mentioned 9 November 2021 judgment by the President of the Antwerp Enterprise Court (Antwerp division) in the third-party application proceedings.

Proceedings on the merits against (amongst others) the Company and its directors

On Friday 29 May 2020, a group of shareholders of the Company summoned, amongst others, the Company and its directors before the Antwerp Enterprise Court (Turnhout division). This writ of summons followed a notice of default received on 17 March 2020 by the directors and certain senior managers of the Company.

On Monday 9 November 2020, this group of shareholders issued a corrective writ of summons against (amongst others) the Company and its directors, which amended the writ of summons dated 29 May 2020 on certain points.

The plaintiffs in this procedure are making the following claims:

1. a minority claim on account of the Company against (amongst others) the current directors of the Company for alleged shortcomings in their management and breaches of the Belgian Companies Code and the Company's articles of association. This minority claim is a derivative claim, meaning that the proceeds will be paid to the Company (not the plaintiff shareholders). In particular, the plaintiffs request that the defendants are jointly and severally ordered to pay damages to the Company. The damages are estimated in the (corrective) writ of summons at a minimum of EUR 1.2 billion;
2. a direct liability claim against, among others, the current directors of the Company for errors which (allegedly) caused individual damages to the plaintiffs. On this basis, the plaintiffs claim personal damages provisionally estimated at EUR 1;
3. a claim against the Company to reimburse any costs incurred by the plaintiffs which are not reimbursed by the other defendants.

These proceedings were initiated on 18 November 2020; however, they were sent to the docket at the introductory hearing (at the request of plaintiffs) pending the report of the panel of experts appointed by order of 30 October 2020 of the President of the Antwerp Enterprise Court (Antwerp division) (see above under "Summary proceedings relating to the appointment of a panel of experts"). Consequently, no procedural timetable or hearing date has yet been determined.

The Company and its Board of Directors formally contest the claims in the writ of summons and note that they will firmly defend themselves against the claims raised within the framework of these proceedings.

In addition, the Company learned that the same group of plaintiff shareholders has brought similar liability claims against certain former directors of the Company as well as certain companies of the Trafigura group. Initially, neither the Company nor its current directors were party to these proceedings. However, the Company has learned that the Antwerp Enterprise Court (Turnhout Division) has, by decision of 26 July 2022, joined the proceedings against the companies of the Trafigura group with the proceedings against the Company and its directors.

### New proceedings announced

On 19 August 2022, the Company received a notice of default from a group of minority shareholders for all damages that the Company and the minority shareholders involved have suffered and will suffer in connection with the exercise of the put option that the Company held in relation to its (meanwhile sold) 2% participation in NN2 Newco Ltd. In this notice of default the minority shareholders announce new proceedings, such as the appointment of a provisional administrator and/or other precautionary measures. They also reserve the right to claim the suspension or nullity of the relevant decisions.

The Company strongly disagrees with the contents and assertions of this notice of default. As set out in the press release of 28 July 2022, the Company conducted a very detailed review process to consider the exercise of the Put Option. A full summary of the background, the process followed and the analysis is included in the press release and the various reports are available on the Company's website.

### Judicial investigation

The Company learned that criminal complaints have been filed by shareholders. The Company shall cooperate with the judicial investigation.

### Investigation by the FSMA

Pursuant to the Law of 2 August 2002 regarding the supervision on the financial sector and the financial services, the Executive Committee of the Belgian Financial Services and Markets Authority ("FSMA") decided in September 2019 to instruct the FSMA's investigations officer to investigate the Company's policy regarding disclosure of information to the market.

Initially, this investigation focused on the information disclosed on the commercial relationship of the Company with Trafigura.

In a press release dated 29 May 2020, the FSMA announced that the investigation would be expanded so as to also include information on the expected profit contribution and total costs for the Port Pirie smelter redevelopment in Australia and on the solvency and liquidity position of the Company at the end of 2018.

In a press release dated 25 July 2022, the FSMA outlined the state of affairs in the investigation. The FSMA announced that the investigations officer had drafted a provisional report covering the three elements of the investigation.

Further to Articles 70 et seq. of the Law of 2 August 2002, this provisional report has been communicated to the Company on 28 July 2022. The Company has an opportunity to comment on the provisional report. Upon finalization of the report, the FSMA's investigations officer will submit it to the Executive Committee of the FSMA which can in turn either:

- (i) conclude a settlement with the persons concerned, provided that they cooperated during the investigation;
- (ii) dismiss the case; or

## VALUATION RULES

(iii) refer the case to the Sanctions Committee of the FSMA along with a notice of charges. If one of the notified charges can constitute a criminal offence, the Executive Committee must inform the Public Prosecutor and may decide to render its decision public.

Violations of the Law of 2 August 2002 are subject to a range of administrative and/or criminal sanctions.

Under Article 36, §2, al. 1 of the Law of 2 August 2002, the FSMA may impose an administrative fine for violations of the provisions of the Law of 2 August 2002 of up to EUR 2,500,000. Where the offence resulted in a profit to the offender or the avoidance of a loss, the maximum may be increased to three times the amount of such profit or loss. By way of derogation, higher maximum amounts are provided under Article 36, §2, al. 2 of the Law of 2 August 2022 for certain specific offences.

The criminal sanctions provided under Article 39 of the Law of 2 August 2022 require that the contemplated conducts be intentional.

The Company is continuing to fully cooperate with the FSMA's investigation.

In estimating the provision for discontinuation of EUR 8.8 million recognised at 30 June 2022 and taking into account the (pending) legal proceedings referred to above (and on the basis of a reasonable expectation as to the timing of Belgian court proceedings), in calculating the provision for discontinuation the Company assumes the liquidation process to complete approximately by the end of Q2 2028, i.e. within approximately five and half years after the release of the 30 June 2022 half-year financial statements. The amount of the provision is based on the estimated operating costs to be incurred before and during the liquidation process. These costs include costs of the liquidator, legal, accounting and audit costs, listing fees and other operating costs. As at 30 June 2022, the Company has excluded from the calculation of the provision the EUR 2.4 million estimated costs of the panel of experts appointed by the President of the Antwerp Enterprise Court, that were previously included in the calculation of the provision, given that this expert investigation has been revoked and halted as a consequence of the judgment of 9 November 2021 of the President of the Antwerp Enterprise Court (Antwerp division) and the Company now does not expect that these costs will be incurred by the Company. The plaintiff shareholders appealed the 9 November 2021 judgement on 23 December 2021. The appeal will be dealt with by the Antwerp court of appeal on 6 October 2022. The estimated amount of the provision assumes a stable run-rate of the cost of the liquidator and other costs to be incurred by the Company over the period until the completion of the liquidation process.

The estimated amount of the provision excludes any costs that the Company may incur in relation to the defense in the legal proceedings referred to above for which the Company's Directors & Officers ("D&O") insurer has at current confirmed to indemnify the Company for its fees, costs and expenses incurred. The D&O insurer has at current only confirmed to indemnify the Company for its fees, costs and expenses incurred by

(i)its counsel for assisting with the response to the notice of default dated 17 March 2020, and representing the Company in the proceedings issued on 29 May 2020;

(ii)its counsel for representing the Company in the interlocutory (expert) proceedings issued on 27 April 2020, as well as the appeal lodged by the Company on 15 December 2020 against the 30 October 2020 court order appointing an expert panel in the sense of art. 7:160 BCCA;

(iii)its counsel for representing the Company in the (now halted) expert investigation ordered by the aforementioned 30 October 2020 court order; and

(iv)the party-appointed experts the Company has retained in order to research the claims made in the proceedings mentioned above as well as to assist the Company in the expert investigation mentioned above.

However, the D&O insurer has refused coverage of the fees, costs and expenses of the court-appointed experts (as referred above) and, based on the court order of 30 October 2020 (against which the Company lodged appeal and against which Trafigura PTE Ltd. and Trafigura Group PTE Ltd. lodged a third-party application, and which was as a result of the latter application revoked by the judgment of 9 November 2021 of the President of the Antwerp Enterprise Court (Antwerp division)), which need to be covered by the Company. The actual amount of these fees, costs and expenses depends on whether the court of appeal will decide to re-open the expert investigation (which is currently halted, as a result of the 9 November 2021 judgment), the length of the ordered investigation, the length of the legal proceedings referred to above, the level of involvement of the Company and any other elements.

Should the liquidation process take longer than expected, the estimated costs to be incurred by the Company before the completion of the liquidation would be higher. Assuming the liquidation is in that case completed by the end of Q2 2030, the Company estimates the costs incurred during the liquidation process would increase to EUR 10.5 million. These additional costs in excess of the provision of EUR 8.8 million recognised at 30 June 2022 would further decrease the equity of the Company subsequent to 30 June 2022. If there are any additional costs or if the costs related to one or more legal proceedings noted above would not be covered by the Company's D&O insurance, it may require the Company to obtain additional funding. In case the Company is unable to obtain such additional funding, the liquidation may not be a solvent liquidation.

The Company has recognised the ongoing operating costs that it incurred during the half-year ended 30 June 2022 as Services and other goods (Code 61). During the half-year ended 30 June 2022 the Company has utilised the provision for discontinuation of EUR 1,370,107, primarily to offset the ongoing operating costs. The utilisation of the provision is recognised in Non-recurring operating charges (Code 66A) net of the additions to the provision for discontinuation of EUR 1,120,207.

d)As at 30 June 2022 the Company has been fully released from all contingent liabilities previously provided or irrevocably promised by the Company for debts and commitments of third parties. For more details refer to section

1.3. Release from parent company guarantees in favor of third parties in the "Related party disclosures".

The Company has assessed the potential impact of the COVID-19 outbreak and the war in Ukraine on the recognition and measurement of the Company's assets and liabilities as at 30 June 2022. Following the exercise of the Put Option and the receipt of the proceeds of the exercise of the Put Option, the Company's main asset is the cash and cash term deposits. In the Company's view there are no potential significant impacts of the COVID-19 outbreak and the war in Ukraine on the measurement of the Company's assets and liabilities at 30 June 2022.

## OTHER INFORMATION TO DISCLOSE

### DISCONTINUITY

At 9 December 2019 an EGM of the Company was held to deliberate on the continuation of the Company's activities and a proposed capital decrease. The shareholders' meeting rejected the continuation of the Company's activities. As the result of an order of 26 June 2020 of the President of the Antwerp Enterprise Court (Antwerp division), at the request of a group of shareholders, the Company is currently prohibited from holding a general meeting with the dissolution of the Company on the agenda until three months after a final decision on the appointment of a panel of experts will have obtained res judicata effect. As such, these 30 June 2022 half-year financial statements of the Company have been prepared on a discontinuity basis.

Under article 3:23 of the Belgian Code of Companies and Associations, a parent company that controls one or more subsidiaries is required to prepare consolidated financial statements, unless such subsidiaries are, in view of the consolidated assets, the consolidated financial position or the consolidated results, individually and together, only of a negligible significance. Given as at 30 June 2022 the Company did not control any significant subsidiary, the Company was not required to prepare consolidated financial statements for the half-year ended 30 June 2022. In accordance with article 12, §3, final paragraph, of the Royal Decree of 14 November 2007, the Company has prepared the 30 June 2022 standalone financial statements in accordance with Belgian GAAP.

At the date of authorisation of the 30 June 2022 half-year financial statements, the Company has assessed that, taking into account its available cash, cash equivalents and its cash flow projections for the next 12 months from the authorisation by the Board of Directors of the 30 June 2022 half-year financial statements, it has sufficient liquidity to meet its present obligations and cover working capital needs. The forecast available liquidity of the Company comprises cash and cash term deposits of EUR 19.4 million as at the date of this report and is dependent on various matters including the possible appointment of a liquidator and his next steps, the existence and extent of the legal claims against the Company which could require funding of these legal proceedings and other matters not currently foreseen as described in section d) of the valuation rules above. As stated above, if the appointment of the liquidator is further delayed or not approved by the shareholders' meeting or if the costs are higher than currently expected, the Company may need to secure additional funding. There is a risk that such additional funding may not be available to the Company or may not be available at acceptable conditions. Reference is also made to the related party disclosures in respect of the mandatory prepayment obligations and limited recourse provisions under the Limited Recourse Loan Facility (to the extent that these apply following the receipt of the proceeds of the exercise of the Put Option (see 1.5.4. and 1.5.5. below)).

### RELATED PARTY DISCLOSURES

#### 1. Restructuring of the Nyrstar group

In October 2018 the former Nyrstar group initiated a review of its capital structure (the "Capital Structure Review") in response to the challenging financial and operating conditions being faced by the Nyrstar group. The Capital Structure Review identified a very substantial additional funding requirement that the Nyrstar group was unable to meet without a material reduction of the Nyrstar group's indebtedness. As a consequence, the Capital Structure Review necessitated negotiations between the Nyrstar group's financial creditors that ultimately resulted in the restructuring of the Nyrstar group, which became effective on 31 July 2019 (the "Restructuring"). As a result of the Restructuring, Trafigura Group Pte. Ltd., via its indirect 98% ownership of the new holding company of NN2 became the ultimate parent company of the former (direct and indirect) subsidiaries of the Company (the "Operating Group"), with the remaining 2% stake in NN2 (and thereby the Operating Group) then being owned by the Company (though see 1.2 below for details of the exercise of the Put Option by the Company on 28 July 2022).

The agreements with Trafigura to which the Company is currently a party are discussed in further detail below.

##### 1.1. The NNV-Trafigura Deed

The lock-up agreement ("Lock Up Agreement") entered into on 14 April 2019 between, among others, the Company and representatives of its key financial creditor groups, envisaged that the Company, Trafigura Pte Ltd ("Trafigura") and Nyrstar Holdings Plc (formerly known as Nyrstar Holdings Limited, "Nyrstar Holdings"), a Trafigura special-purpose vehicle incorporated, amongst other things, for the purpose of implementing the Restructuring) would enter into a deed confirming their agreement in respect of (i) certain steps necessary for the implementation of the restructuring as envisaged in the Lock Up Agreement and (ii) the terms of the ongoing relationship between the Company and the Trafigura group (the "NNV-Trafigura Deed"). The NNV-Trafigura Deed was duly executed on 19 June 2019.

Certain key terms of the NNV-Trafigura Deed, namely those governing the distributions policy, drag / tag rights and change of control in respect of NN2, have previously been described in the Company's related party disclosures. However, following the exercise of the Put Option (on which, see 1.2 below for more details) and the Company ceasing to be a shareholder of NN2, these provisions of the NNV-Trafigura Deed are no longer relevant / no longer apply.

Under the provisions of the NNV-Trafigura Deed that continue notwithstanding the exercise of the Put Option and the Company ceasing to be a shareholder of NN2, the Company continues to benefit from a right (subject to compliance with applicable law and any relevant confidentiality obligations) to make reasonable requests of Trafigura to procure that the Company is provided with financial or other information in relation to the Operating Group (or any member of it).

##### 1.2. The Put Option Deed

Pursuant to the NNV-Trafigura Deed, the Company and Trafigura also agreed that Trafigura would grant to the Company an option to require a Trafigura entity to purchase the Company's entire interest in NN2. The terms of this option are set out in a separate deed, dated 25 June 2019, between the Company, Trafigura and Nyrstar Holdings (the "Put Option Deed"). Under the terms of the Put Option Deed, the Company could put all (but not only a part) of its 2% holding in NN2 to a Trafigura entity at a price equal to EUR 20 million (the "Put Option"). Reference is made in this respect to the related party disclosures in respect of the mandatory prepayment obligations and limited recourse provisions under the Limited Recourse Loan Facility (to the extent that these apply following the receipt of the proceeds of the exercise of the Put Option (see 1.5.4. and 1.5.5. below)). The Put Option was exercisable by the Company until 31 July 2022, subject to limited triggers which would have allowed earlier termination of the Put Option before 31 July 2022.

On 18 November 2021, the Company announced that it had appointed Moore Corporate Finance to prepare an independent expert's

## OTHER INFORMATION TO DISCLOSE

opinion for the independent directors of the Company ("Committee of Independent Directors"), in the framework of Article 7:97 of the Belgian Code of Companies and Associations. The independent expert's opinion was to advise the Committee of Independent Directors in examining the benefit to the Company, taking all relevant circumstances into account, of the exercise or non-exercise of the Put Option that the Company had in relation to its entire 2% investment in NN2.

On 28 July 2022 the Company publicly announced that the Board had completed its detailed review process in respect of the decision whether or not to exercise the Put Option related to its entire 2% shareholding in NN2. Considering the independent expert report prepared by Moore Corporate Finance, which valued the 2% shareholding in NN2 in a range of EUR 0 million to EUR 3.4 million, the opinion of the independent directors of the Company, questions and comments raised by certain minority shareholders and other information made available to it, the Board decided that it was in the corporate benefit of the Company to exercise the Put Option. On 28 July 2022, the Company duly gave notice to Nyrstar Holdings Plc and to Trafigura Pte Ltd. that it exercised the Put Option in accordance with the terms of the Put Option Deed. The Company received the proceeds from the exercise of the Put Option on 30 July 2022.

Documentation in respect of the Company's decision to exercise the Put Option was published on the Company's website [nyrstarnv.be](http://nyrstarnv.be) on 28 July 2022 and remains available there as at the date of this report.

### 1.3. Release from parent company guarantees in favour of Trafigura

As stated above, prior to the effective date of the Restructuring which was 31 July 2019 (the "Restructuring Effective Date"), the Company was the ultimate parent company of the Nyrstar group, and had previously issued various parent company guarantees (the "PCGs") in respect of the obligations of its subsidiaries, including, but not limited to, two PCGs granted in respect of the primary financial obligations of the Company's indirect subsidiary at that time, Nyrstar Sales & Marketing AG ("NSM"), to Trafigura, namely under the USD 650 million Trade Finance Framework Agreement ("TFFA") and the USD 250 million Bridge Finance Facility Agreement ("BFFA") (the "Trafigura PCGs"). The Trafigura PCGs, as well as all other security and / or guarantees provided to Trafigura by the Operating Group in respect of the TFFA and BFFA, were released in full on the Restructuring Effective Date.

### 1.4. The Company's release from parent company guarantees in favour of third-parties and the Company's rights to indemnification by NN2 under the NNV-NN2 SPA

Prior to, and as part of the implementation of, the Restructuring, the Company entered into an agreement for the sale and transfer by the Company of substantially all of its assets including 100% of its shareholding in Nyrstar Netherlands (Holdings) BV and also its holdings (direct and indirect) in its subsidiaries, but excluding its shares in NN1, to NN2 (the "NNV-NN2 SPA"). Under the NNV-NN2 SPA, the Company benefits from contractual agreements with NN2 and Trafigura in respect of its release from, or indemnification for, liabilities for existing financial indebtedness and obligations owed to third parties in respect of financial, commercial or other obligations of the then current members of the Operating Group (the "PCGs"), such that those third parties should no longer have recourse to the Company. The release and / or indemnification obligations of NN2 from which the Company benefits can be summarised as follows.

-Release of PCGs and general indemnity: The NNV-NN2 SPA includes a commitment by NN2 to use reasonable endeavors to procure the release of obligations owed by the Company under third-party PCGs. This obligation is combined with an obligation on NN2 to indemnify the Company, to the extent such PCGs are not released, for any and all liabilities in relation to such PCGs in respect of the failure by the applicable member of the Operating Group to comply fully with its principal obligations.

-Indemnity for specified historic liabilities: Further, the NNV-NN2 SPA also contains an obligation on NN2 to indemnify the Company, to the extent not covered by the release and/or indemnification of PCGs mentioned above, in respect of certain specified liabilities, including certain liabilities arising in relation to certain historic disposals by the former Nyrstar group and/or from certain historic mine closures, which are specified in a schedule to the NNV-NN2 SPA.

-Limitation on recourse to the Company of former subsidiaries: To limit and release further any financial obligations on the Company, the NNV-NN2 SPA obliges NN2 to procure that, and the NNV-Trafigura Deed obliges Trafigura to procure that no former subsidiaries of the Company will make any demands for payment from the Company except (i) under the Limited Recourse Loan Facility (as defined below), (ii) as otherwise agreed following the completion of the Restructuring; or (iii) to the extent that the Company has sufficient funds available (excluding any dividends or sale proceeds in respect of the Company's direct 2% shareholding in NN2).

1.5. Financial transactions with Trafigura entities - the Limited Recourse Loan Facility 1.5.1. Introduction  
On 23 July 2019, the Company entered into a EUR 13.5 million committed, limited recourse, loan facility (the "Limited Recourse Loan Facility") provided to it by NN2 (as "Lender"). The key terms of the Limited Recourse Loan Facility are described below. The Limited Recourse Loan Facility is made available in two separate tranches: (i) up to EUR 8.5 million to be applied towards the Company's ongoing ordinary course operating activities ("Facility A"); and (ii) up to EUR 5 million intended for the payment of certain costs related to litigation defense ("Facility B"). No security, collateral or guarantees have been granted in respect of the Company's obligations under the Limited Recourse Loan Facility.

### 1.5.2. Available commitments, amounts outstanding and interest

As at 30 June 2022, the Company owed EUR 6.1 million (31 December 2021: EUR 5.5 million) under Facility A. Facility A can be used by the Company to cover day-to-day operating costs, including, without limitation, reasonable director and employee costs, D&O insurance premium (to the extent not paid prior to the Restructuring Effective Date), audit fees, legal costs (except those relating to litigation or other actual or threatened proceedings against the Company, which should be funded from Facility B (defined below)), listing fees and investor relations costs. The funding under Facility A is provided to the Company based on the quarterly cash flow forecast prepared by the Company and provided to Trafigura as a condition of the funding. The total quantum of funds to be made available under Facility A was agreed based on the Company's forecast operating costs for a five-year period following the completion of the Restructuring, taking into account the ongoing operational services provided to the Company by NN2, as agreed in the NNV-NN2 SPA, for a period of three years from the Restructuring Effective Date (or less subject to agreed early termination triggers) (the "Ongoing Services"). The Ongoing Services to be provided by NN2 to the Company include finance, tax, corporate counsel, IT and administration services. The provision of the Ongoing Services to the Company was intended to reduce the Company's operating costs in the period following the Restructuring Effective Date. It is noted here that, in accordance with the terms of the NNV-NN2 SPA, the period for the provision of the Ongoing Services to the Company expired upon the Company's receipt of the proceeds from the exercise of the Put Option.

As at 30 June 2022, the Company had drawn EUR 3.4 million (31 December 2021: EUR 2.8 million) under Facility B. Subject to the restrictions detailed below, Facility B can be applied by the Company towards payment or reimbursement of costs in respect of any litigation, proceeding, action or claims (including tax claims) made, asserted or threatened against the Company, NN1 or any of their current or former directors or officers (each being a "Claim").

Under Facility A, subject to the terms of utilisation (on which see more below) the Company could borrow up to EUR 6.1 million before 31 July 2022 and thereafter can borrow up to a further EUR 1.2 million annually until 2024. Funding under Facility B can be drawn based on

## OTHER INFORMATION TO DISCLOSE

costs incurred in respect of any litigation, proceeding, action or claims (subject to the terms of utilisation and other restrictions detailed below, and on the delivery of an invoice for such costs). Utilisation of each Facility is subject to various conditions (on which see below), and is limited to a maximum of three drawings per financial quarter per Facility (excluding any PIK Loans (defined below)). As at the date of this report, the Company has drawn EUR 6.1 million under Facility A and EUR 3.6 million under Facility B.

As a result of the exercise of the Put Option and the Company ceasing to be a shareholder of NN2, the "NNV Exit Date" (as defined in the Limited Recourse Loan Facility) has occurred. The NNV Exit Date is specified as an Event of Default (as defined) under the Limited Recourse Loan Facility, which gives the NN2 (as Lender) the right to cancel (by notice to the Company) the whole or any part of the Lenders' remaining commitments under the Limited Recourse Loan Facility. As at the date of this report, NN2 has not exercised such right.

However, each utilisation request under the Limited Recourse Loan Facility must (unless otherwise agreed by the Lender) be accompanied by a certificate signed by a director stating, among other things, that (in short) the Company's "Available Cash" (as defined therein) is not sufficient to meet the anticipated costs and liabilities for which the relevant utilisation is intended. Given the Company's receipt of EUR 20 million from the exercise of the Put Option, it is not currently envisaged that the Company would be able to make any further valid utilisation requests under the Limited Recourse Loan Facility.

The rate of interest on amounts outstanding under the Limited Recourse Loan Facility is the aggregate of EURIBOR plus a margin of 0.5% per annum. It shall be payable within 10 business days of the anniversary of the date on such amount was made available, provided that such interest will be capitalised if it has accrued for a period of one year or more and the Company has given a notice in the form prescribed by the Limited Recourse Loan Facility. Any interest which is capitalised shall be treated as a new loan (a "PIK Loan") under the relevant Facility. Any PIK Loan shall itself accrue interest, and that interest may also be capitalised. No payments of interest have been made by the Company as all payable interest until 30 June 2022 of EUR 53k has been capitalised into a new PIK Loan.

### 1.5.3.Restrictions on use of proceeds

The Company must not use any amount borrowed under either Facility A or Facility B for funding (directly or indirectly) any of the costs related to asserting or bringing or assisting in the pursuit of claims (including any counterclaim or defense) against Trafigura, other members of the Trafigura group, NN2 and / or any Replacement Holdco, and / or any other member of the Operating Group), against any of such entities' current or former directors, officers, or advisers, against any creditor in respect of such entities (other than with the consent of NN2, such consent not to be unreasonably withheld or delayed) or in connection with any challenge to the Restructuring, including in relation to the TFFA and the BFFA or any other document contemplated by the Restructuring Implementation Deed.

### 1.5.4.Mandatory prepayment obligations

- Excess Cash: the provisions of the Limited Recourse Loan Facility that relate to mandatory prepayment out of "Excess Cash", and which were described in the version of this disclosure contained in previous such reports by the Company, have ceased to apply as a result of the Company ceasing to be a shareholder of NN2 and having received the proceeds of the exercise of the Put Option (such proceeds constituting "Disposal Proceeds" for the purposes of the Limited Recourse Loan Facility).

- Disposals: Immediately upon receipt of any Disposal Proceeds, and subject to the limited recourse provisions described below (see in particular at 1.5.5.), the Company shall procure that these shall be applied first to prepay any amount outstanding under Facility B (being the litigation tranche), and secondly, if (i) any Disposal Proceeds remain after any required prepayment of Facility B, and (ii) the aggregate amount of all amounts outstanding under Facility A (being the operational costs tranche) exceeds EUR 5 million, to prepay such Facility A amounts to or towards an aggregate amount of EUR 5 million.

- Distributions: The Company shall ensure that, if any distribution is paid to the Company's shareholders on or after the NNV Exit Date, an amount equal to that distribution is applied to repay or prepay amount outstanding under Facility A before or simultaneously with such distribution.

The Company has also agreed that, if it receives any amounts from costs awards, damages awards and / or any other recovery from any counterparty to a Claim (as defined above) (such amounts constituting "Claim Proceeds"), then such Claim Proceeds must be used immediately to repay or prepay any amounts outstanding under Facility B.

Additionally, there are customary provisions that require mandatory prepayment of amounts outstanding under either or both Facility A and B in the case of certain events of default that allow for acceleration by the Lender.

However, in accordance with "limited recourse" provisions of the Limited Recourse Loan Facility (as detailed further at 1.5.5. below), NN2's recourse to the Company in respect of repayment of funds drawn or any other obligation thereunder is limited to the Company's Net Assets (as defined in the Limited Recourse Loan Facility, and as described below), if any.

### 1.5.5.Limited recourse

As mentioned above, the recourse of NN2 as Lender under the Limited Recourse Loan Facility in respect of repayment thereof or any other obligation of the Company thereunder is limited to the "Company Net Assets", being the assets (including all present and future properties, revenues and rights of every description) of the Company (other than assets held or received on trust for a person which is not a member of the Company or its subsidiaries) having satisfied or provided for its "Liabilities" (meaning all present or future liabilities and obligations, both actual and contingent and whether incurred solely or jointly or as principal or surety or in any other capacity), except for Liabilities of the Company under the Limited Recourse Loan Facility and related finance documents, which shall be disregarded for this purpose.

Further, to the extent that the Company Net Assets are insufficient to discharge the Company's obligations under the Limited Recourse Loan Facility, such obligations shall be deemed to be limited to the amount of the Company Net Assets, and the Lender shall not be entitled to make a claim and shall have no further recourse against the Company and the Company shall have no liability to pay or otherwise.

All actual, contingent and prospective liabilities would need to be factored in when calculating the Company Net Asset position. The Company determined at the time of the exercise of the Put Option on 28 July 2022, that it is in the corporate benefit of the Company that

## OTHER INFORMATION TO DISCLOSE

for the purposes of the mandatory prepayment these liabilities are calculated on a worst-case scenario basis, and not (i) in accordance with IFRS or Belgian GAAP, nor (ii) based upon the Company's assessment of the likelihood of such contingent or prospective liabilities eventually materialising. Based on the Company's estimates, the Company has determined that the Company Net Assets (as defined under the Limited Recourse Loan Facility) are negative even taking into account the receipt of the proceeds of the Put Option, and that currently no repayments of the LRLF are necessary. The Company will, however, continue to monitor the development of its Company Net Asset position until the completion of the liquidation process, to consider whether any repayment of the LRLF needs to be made.

However, this limitation on NN2's recourse against the Company shall not apply to the extent that the value of the Company Net Assets is impaired, or NN2 suffers loss as a result of any breach by the Company of any provision of the Limited Recourse Loan Facility (or any related finance document) other than the repeating representations / warranties thereunder or the provisions requiring payment of interest / fees or repayment / prepayment of principal thereunder.

### 1.5.6. Information, consultation and litigation strategy undertakings

So long as any amount is outstanding under the Limited Recourse Loan Facility or the Lender's commitment thereunder is still in force, if any Claim arises as a result of which the Company reasonably anticipates that it may make a utilisation under Facility B, the Company must give notice to the Lender and Trafigura of the Claim. The Company shall:

- promptly notify NN2 and Trafigura of the Claim;
- subject to compliance with applicable law or confidentiality obligations to third parties, make available to NN2 and Trafigura all information in its possession and control as reasonably requested by NN2 or Trafigura in connection with assessing, contesting, disputing, defending, appealing or compromising the Claim, provided that NN2 and Trafigura shall maintain confidentiality and/or privilege with regard to such information;
- keep NN2 and Trafigura informed of the progress / developments in respect of the Claim, and promptly provide any correspondence or other information received in connection with the Claim;
- consult and take into account the views of NN2 and Trafigura as to the applicable legal advisors that will represent the Company, NN1, or the applicable directors or officers. NN2 shall also procure that such legal advisors provide fee estimates as requested by NN2 or Trafigura;
- consult with and take into account the views of NN2 and Trafigura in relation to the conduct of the defense / negotiations / settlements in respect of the Claim; and
- whilst any amount is outstanding under Facility B in relation to a civil Claim, not make any admission of Liability, agreement, settlement or compromise in relation to that Claim without the prior written approval of Trafigura.

The Company must also consult with Trafigura prior to taking any action relating to insolvency or bankruptcy proceedings, including under Book XX of the Belgian Code of Economic Law.

The Company is also obliged to provide NN2 with certain financial information, including quarterly cashflow forecasts (and any revisions thereto required under the terms of the Limited Recourse Loan Facility), half-yearly financial statements and audited annual financial statements, drawn up on a consolidated basis (to the extent the Company has subsidiaries) and in accordance with the accounting principles agreed under the terms of the Limited Recourse Loan Facility.

### 1.5.7 Relationship Agreement

At the completion of the Restructuring at 31 July 2019, the "Relationship Agreement" between Trafigura Group Pte Ltd and the Company (dated 9 November 2015) was terminated. The Relationship Agreement governed the relationship between the Company (and the broader Nyrstar group) and Trafigura Group Pte. Ltd. and its affiliated persons between its execution on 9 November 2015 and the completion of the Restructuring on 31 July 2019.

### 1.5.8 Other transactions with Trafigura

Other than as described in these disclosures, the Company has not entered into any commercial or other transactions with Trafigura in the half-year ended 30 June 2022.

## OTHER RIGHTS AND CONTINGENT LIABILITIES NOT REFLECTED IN THE BALANCE SHEET (including those which cannot be quantified)

### Parent company guarantees

Until 31 July 2019 the Company was the holding company of the Nyrstar group (consisting of the Company and its former subsidiaries). At 31 July 2019, when the Restructuring of the Nyrstar group was finalised, the Company was released of liabilities for existing financial indebtedness and obligations owed under parent company guarantees of commercial or other obligations of the current members of the Operating Group (all former subsidiaries of the Nyrstar group excluding NN1) (or indemnified by NN2 to the extent such guarantee liabilities are not released). During the half-year ended 30 June 2022 the Company identified that as at 30 June 2022 its indemnification obligations under the Share Purchase Agreements to sell the Contonga Mine in Peru to subsidiaries of Glencore plc, originally dated 13 December 2016, as amended, may not yet have been released. The Company is fully indemnified in relation to any liability that may arise in this respect (see "Related party disclosures").

### Contingent liabilities

In addition to the legal and regulatory claims and proceedings disclosed above, the Company is subject to risks related to tax matters as the possible tax audits of certain fiscal years are not yet complete. Although the Company cannot estimate the risk related to these possible tax audits as remote, it currently does not consider it probable that the outcome of these possible tax audits will have significant impact on the financial position of the Company.

The Company has concluded that no additional provision is required at this time in relation to pending or potential tax reviews and that it is currently unable to quantify the potential risks, but it continues to monitor and assess the situation.
